

## Membership Form

To join, please send us a check and the following information about your family. We will then subscribe you to our email list where you'll hear about upcoming events and connect with other parents.

Annual membership fees are \$24. The year runs June through May and fees are prorated at \$2 per month. For example, if you join in February, please send fees for March, April, and May, or \$6. The check must be payable to Attachment Parents of the Peninsula.

We are a transparent group and require all members to provide this information. You will have access to the same information from other members.

If desired, more than one parent from each family may subscribe. We have many families with two-parent involvement, and we encourage both parents to join our list if interested. However, the list has moderate traffic, and, while we try to maintain list rules, not all messages are substantive, so you may prefer to share selected messages with your spouse.

Please send the check and roster information to:

Once subscribed you will be asked to give a short introduction to the group. To learn more about the group or contact us before joining, please visit our web site:
